Technology You Can Trust

UA-1000 SERIES

UA-1010 / UA-1020 / UA-1030T

A&D, a pioneer in home blood pressure monitoring, has once again come up with a new series of world-class monitors with Triple A Technology that sets new industry standards and enhances value for users.

SlimFit cuff

UA-1010

Simple monitoring with more accuracy It offers easy, one-button operation with new functions that will guide user to accurate measurements. UA-1010 uses the new latex-free and metal-free SlimFit cuff which is more friendly to sensitive skin.

UA-1020

Individualized monitoring with more comfort UA-1020 is equipped with newly designed SmoothFit cuff, which enables painless, comfortable measurement. Also it has two unique modes. MyPressure mode provides individualized pressurization and shorten the measurement time. The TriCheck™ mode automatically takes three consecutive readings with one-minute intervals for most accurate results.

SmoothFit cuff
*Patent pending

UA-1030T

SmoothFit cuff
*Patent pending

Talking monitor for everyone UA-1030T has come with the latest talking technology with all features of UA-1020. It announces the results in 5 languages (English, French, Spanish, Italian, and Chinese). You can increase volume through six levels or switch on to silent mode if required.

My Pressure Setting mode (AUTO/180/210/240)

TriCheck™ mode for consecutive 3 measurements and average reading

Clear voice announcement of measurement results

Triple A
Technology

Advanced Cuff design
Advanced Inflation
Advanced Deflation

Latex-free and metal-free plus wrinkle-free cuff designs.

User selection made possible between A&D's fuzzy logic inflation and anxiety-free "MyPressure" setting.

Linear-motor driven active deflation valve makes it measure accurately for all cuff sizes.
