“The point when patients trust you most”

**TriCare**<sup>TM</sup>  
Performance. Every day.

Multiple daily insulin injections can take their toll on your patients.

TriCare™ pen needles are designed to deliver performance every day, while providing **value**, **when quality counts**, as you would expect from Owen Mumford, your trusted partner.

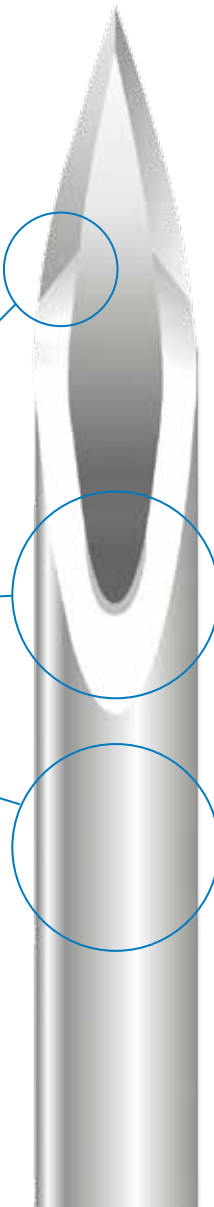

The point when patients trust you most, choose TriCare™ – Performance. Every day.

## Quality

- Triple sharpened bevelled edged needle tip **reduces penetration force**.
- Needle body and tip are electro-polished to remove small blemishes and rough spots for a **smooth penetration**.
- Silicone lubricant for **smooth gliding** and **less friction**.
- Thin wall technology for **improved drug flow** and **reduced injection force**.

- Non-toxic, latex free.
- Complies with ISO 11608-2.
- CE Marked.

## Comprehensive Range

- 4 different lengths available, to suit patient requirements.
- Coloured needle shields for easy recognition.
