

Tork helps you reach your sustainability goals by making sustainability easier.

Focus4 sustainability product benefits

Materials & packaging  - Most of the assortment is EU Ecolabel certified – reduced environmental impact across the product life cycle. (1) - FSC® labelled – made from responsibly sourced fibre. - Part of the assortment with packaging made from at least 30% post-consumer recycled plastic (rest to come by end of 2025). (2)	Use & waste  - Single-sheet dispensing for controlled consumption saves up to 37% on paper. (3) - Tork Easy Handling® ergonomic packaging for easier carrying, opening and disposal.
Carbon  Carbon-neutral-certified dispensers – produced with certified renewable electricity and compensated with climate projects. (4)	Hygiene for all  - Third-party verified for short-term food contact. - HACCP International certified rolls shorten the time related to making production HACCP compliant

The information includes sustainability benefits at a system level for [Tork Reflex® system (M3, M4)], covering the Tork refill and dispenser range for the respective country. In cases where a specific benefit does not apply to all products in the assortment, this is clearly indicated.

1. Check the catalogue to see individual product certifications and claims.. 2. Check the catalogue to see individual product certifications and claims.. 3. Statistics from internal research conducted over a four-week period. Tork centrefeed against Tork Reflex™ System. Reduction accounted for by square metre used.. 4. Valid for dispensers sold or leased in Europe (except France) from May 2023. ClimatePartner certified product: www.climate-id.com/en-gb/9VIUDN.
