NILAQUA ANTIMICROBIAL WASH LOTION

Application area • for whole body washing (incl. hair washing and showering) that is gentle to the skin • suitable for all skin types, even skin that is sensitive to soap or susceptible to allergies • for mild and gentle washing of patients prior to surgery • especially suitable for use on intensive care and infection wards

INSTRUCTIONS

- Instructions for use For washing, apply wash lotion undiluted to a clean, damp washcloth. Rub onto the areas of the body to be cleansed, observing the required 1 min contact time* then wash off. For showering and/or hair washing simply use the wash lotion in the same way as commercial hair and skin washing preparations.
- Note: Can be used for a limited period of time in children over 3 months of age for preoperative whole body decontamination.
