SIDHIL

Separation and privacy screens for hospitals, examination & treatment rooms and other healthcare environments

Brand new from Sidhil, this innovative range of separation systems has been designed to provide attractive, functional and hygienic privacy solutions for hospitals and other care environments, offering fast, effective and versatile screening options.

- Sidhil separation systems are easy to install in any healthcare environment

- Patient privacy is established quickly and effectively

- Hygienic and easy to clean

- Wall mounted and free standing options (wall mounted systems can be detached easily for use in other areas and then simply clicked back into place)

- Flexibility and practicality for all requirements - can be used to extend the space around a bed during procedures

- Endless design opportunities with a wide range of options, colours, sizes and customisable lengths and widths to meet specific needs.

- Screens can be produced with custom designed themes and visuals – Contact us for details about this.
